## Blizzard Traps Three Thousand In California

Estimate Thousands Trapped  
At Lake Arrowhead  
By Big Snow Storm

## MISSING YOUTH BEING HUNTED

Entire Western Coast Area  
Is Path Of Severe Storm,  
Rain Floods Villages

(International News Service)  
LOS ANGELES, Jan. 30.—A blizzard today had trapped nearly 3000 persons at Lake Arrowhead where they had gone Saturday to attend a winter sports carnival.

Officers refused to allow anyone to leave Arrowhead village last night because of the precarious condition of the highway to San Bernardino. High winds had whipped the falling snow into heavy snowdrifts which snowplows today were battling in an effort to open the road.

**Flood Occurs**  
The same storm that raged at Lake Arrowhead brought a down-pour which swept the coast and inundated parts of Long Beach. Life guards in boats rescued 25 families isolated in flooded homes.

Ski jumpers equipped with hot coffee and sandwiches were searching the mountains near Arrowhead for Roscoe Boswick, 18, missing since yesterday. Scores of men, women and children were reported suffering from cold and exhaustion, and supplies were being taken to them by highway crews with dog sleds.

Thirty inches of snow were reported at Tehachapi on the Ridge route which however remained open to traffic.

Storms also continued to buffet Northern California where more than 100 persons were held prisoners in Snowiad mountains.

Partial electric service was restored at Reno, Nev., plunged into darkness Saturday night when a transmission line broke in the California Sierras.

## PA NEW OBSERVES

A sharp curve on the New Castle New Bedford road has been widened by the state highway department, it is a great improvement.

Pa New saw a blind accordion player walking up South Mill street Saturday.

That ground ball game played by the Italian citizens must have its fascinations, for not many games will keep the interest of a group of players on a cold day like Saturday. The game was in progress in a lot on South Mill street near the corner of Division.

North Jefferson street is the sleeping grounds of tired truck drivers. Every night at around eleven o'clock at least two or three and sometimes more huge trucking vans are drawn up to the curbs between Falls and Grant streets and the drivers turn in for the night. Around 3, 4 or 5 o'clock they end their forty winks, noisily start the truck engines and are off, with the highways all their own.

While Pa New was on his way to work this morning he observed several frozen radiators of automobiles with their drivers trying their best to thaw them out.

Top coating on North Jefferson street, north from Washington street, certainly needs attention again. There are numerous holes worked in the top of the paving that should be fixed at once.

Looked like there was a parade of some sort being staged by a group from Ohio Sunday afternoon. Pa New observed eight Ohio cars in line at the intersection of Mill and Washington streets.

## ROOSEVELT SEEKS BARGAIN ON DEBTS

By GEORGE E. DURNO,  
International News Service Staff  
Correspondent

WARM SPRINGS, Ga., Jan. 30.—The United States is determined to drive a bargain with Europe in exchange for revision of debts that definitely will help the American people out of their stress.

This was the burden of the message Ambassador Lindsay of Great Britain carried back to Washington today from President-elect Roosevelt for report to his home office. The ambassador sails for London on Tuesday.

Sir Ronald was told, in carefully couched language, that Congress must pass on any scaling down of international debts, and that it would be futile to undertake a further funding agreement over England's \$4,500,000,000 debt unless positive benefits were obtainable for this country.

Tariff agreements and market concessions were understood to be the trading points Mr. Roosevelt brought up in his unparalleled Sunday conference with the British ambassador here at Warm Springs.

Further, it was reported the president-elect made clear to the ambassador his desire that England send a single representative to Washington after March 4 for debt negotiations rather than a mission.

If this report was correct, it would imply that Mr. Roosevelt wants Premier Ramsay MacDonald to make the trip after March 4. A precedent already has been established by the visits paid President Hoover by MacDonald and Pierre Laval, then French premier, on the same subject.

## Daladier Seeks Aid In Forming French Cabinet

Former Minister Of War  
Seeks To Organize New  
Cabinet

## LIKELY TO ASK SOCIALISTS' AID

Situation Is Similar To That  
Which Faced Paul-Bon-  
cour Recently

By FREDERICK K. ABBOTT

PARIS, Jan. 30.—Edouard Daladier, minister of war in the cabinet of Joseph Paul-Boncour, rejected by the Chamber of deputies Saturday over its budget balancing program, strove "with goodwill and energy" today to set up a new French government.

Slightly bald, rotund and smiling, Daladier sought the support of the Socialist bloc, which was responsible for Paul-Boncour's overthrow, in his efforts to find a majority.

**Daladier Selected**  
The choice of President Lebrun for this task fell on Daladier after almost all the political advisers who consulted him declared the minister of war was the most logical man for the job.

By a strange co-incidence of politics, the situation was in a way similar to that confronting France after the downfall of Edouard Herriot's cabinet, six weeks ago, when he made a dramatic plea for payment of the December war debt payment to the United States.

At that time, Paul-Boncour, Herriot's minister of war, was selected for premier, just as Daladier, the next minister of war, was chosen to succeed Paul-Boncour.

It was expected that Daladier would ask the Socialists, without whose aid he can hardly succeed, to share with him the responsibilities of government, and some gossip in political circles was that Leon Blum and his Socialist followers would bend a receptive ear to this request, although other forecasters declared the Socialists were still unconvinced.

## Fire Damage On Neville Island Set At \$100,000

Tar Products Company Is  
Destroyed By Flames;  
Other Plants Saved

(International News Service)  
PITTSBURGH, Jan. 30.—The tar products plant of the Neville Company, Neville Island, was destroyed by a \$100,000 fire that threatened the plant of the Dauler Benzol Company today.

Four townships fire companies succeeded in preventing the flames from reaching the Dauler Benzol Company nearby.

Starting in the pug mill, where crushed stone and tar are mixed for use on highways the flames crept rapidly along the conveyor to the tower.

Cameron Ralston Concludes  
Two Weeks' Series Of  
Meetings In County

## LARGE CROWD AT SUNDAY MEETING

Two weeks campaign of Cameron Ralston, upholder of the eighteenth amendment, came to a close Sunday afternoon in the First Presbyterian church when a county-wide rally was held and the church auditorium was filled with those anxious to uphold the amendment and support the enforcement of law.

After the a audience was seated, as the organ sounded, under the hands of Miss Harris, a most impressive procession of flags and banners was held from the back of the church, down the aisles and across the front, and as the Christian flags, the American flags, the service banners and civic club emblems halted, Dr. C. B. Winger, pastor of the Central Presbyterian church, asked the invocation and the Welsh male chorus sang the opening number under the direction of D. O. Davies, with Clifford James as the accompanist.

Rev. Ross M. Havertfield, chairman of the Lawrence county campaign committee, which has been working for the education of the youth toward the evils of liquor, presided at the meeting and introduced the various speakers.

**Many Speakers**  
J. Audley Book, state master of Grange, was the first speaker of the afternoon and spoke from the angle of the Grangers, saying that it had always been the attitude of the farmers to support the 18th

## New Wilmington Singer In New York Debut Tonight

Miss Rebekah Crawford, daughter of Mr. and Mrs. R. J. Crawford of New Wilmington, makes her musical debut in New York tonight when she appears as a "debut soloist" with the New York Light Opera Guild in a Victor Herbert Festival in Carnegie Hall. If Miss Crawford makes a favorable impression in her debut tonight the future looks bright for her.

The artists tonight will include such stars as Lawrence Tibbett, Paul House, Lily Pons, Elizabeth Rethberg, Tito Schipa, Percy Grainger, Harold Bauer, Margaret Matzenauer, Giovanni Martinelli, Richard Crooks, Alma Gluck Zimanist, and others. The memorial concert is sponsored by Mayor John P. O'Brien of New York, Prof. Irving Fisher, Mrs. Ernestine Schumann-Heink, Prof. Edwin R. A. Seligman, Hon. Ruth Baker Pratt, and a number of other well known people.

Four younger singers were selected to make their appearance as "debut singers" in tonight's program. Along with Miss Crawford will appear Marguerite Hawkins, soprano, Robert Clay, tenor, and Charles Van Tassel, baritone. Some time ago Miss Crawford won the New York Light Opera Guild prize in competition with a large field of contraltos and tonight is expected to be the formal beginning of what her friends are confident will be a brilliant career.

Miss Crawford received her vocal training here under William Wilson Campbell and in New York

# CONTROVERSIAL LEGISLATION IS PILING UP

## House Facing Many Measures

Report On School Code Revision Is Scheduled For Presentation Tonight

## HEARING TUESDAY IN BLUE LAW BATTLE

By JOSEPH A. LOFTUS  
International News Service Staff Correspondent  
HARRISBURG, Jan. 30.—A house which has steadfastly refused off days of reckoning will see its heap of controversial legislation pile higher in committee tonight.

The committee on school code revision is scheduled to submit its report and a few more bills are certain to find their way from the senate. That branch has nine on final reading, the house but one, and that minor. In addition, a new volume of administration measures may make its appearance.

**Blue Law Hearing Tuesday**  
The only house committee which took an apparently decisive stand early in the session, and then wavered, will sit tomorrow afternoon to hear cheers and jeers for blue law modification. The senate law and order committee is scheduled to conduct a similar hearing Wednesday but unless an appropriate bill is introduced in that branch the hearing may be put back until one is sent from the house. The lower branch can not pass any Sunday modifiers before next week.

Recommendations for an income tax for school purposes, abolition of five teachers' colleges, and elimination of more than 2,000 small school districts will be made by the school code committee.

**Primary Bill Up**  
Before the senate tonight is the bill to reduce the salaries of judges and the resolution providing for a renewal of the public utility probe, both on final passage.

The fate of the primary repeal though only on second reading will be closely watched. Unless its advocates are balked again, the bill will be house property by tomorrow afternoon.

Fiscal problems will be taken up tomorrow when the appropriations committees of the two branches will name a joint subcommittee to study the budget recommendations of Gov. Gifford Pinchot.

## Ford May Start Building Of His Own Auto Bodies

Unless Auto Body Plant Strike Is Ended, Ford May Act

(International News Service)  
DETROIT, Jan. 30.—Unless the auto body-plant strike, which has caused shutdown of the Ford Motor company, is ended by Tuesday, Henry Ford will start building his own car bodies, the Rev. Charles E. Caughlin, famed "Radio Priest" said in his weekly broadcast sermon yesterday.

The strike has halted work in the independent factories which supply bodies for the new Ford cars.

## PEACE ORATOR SPEAKS SUNDAY

(Continued From Page One)

**World "Big Neighborhood"**  
Dr. Alley, right at the outset, reminded his audience that this world is now a great neighborhood, and that our country, as one of the neighbors, is vitally interested in it. He spoke of the "new era" in which many of the nations have united to establish a regime of law.

The inspiring afternoon assembly was sponsored by the recently formed Lawrence county unit of the National Council on the Cause and Cure of War. Dr. Alley was the first lecturer to be invited here.

Brought here from Newark, N. J., where he is a history professor at Dams College, Dr. Alley, who observed the League of Nations in session 10 different times, conclusively convinced his public listeners yesterday that events transpiring in Europe today do have a close relation to our own.

**Dr. Bennett Presides**  
Dr. G. S. Bennett, pastor of the First Christian church, whose board graciously extended the use of its auditorium for the day, opened the afternoon service. The Rev. C. S. Joshua, Croton M. E. church pastor, and chairman of arrangements for the rally, promptly introduced, then read the Scripture. Within a few moments Dr. Alley was presented.

Featuring the program was a vocal solo, "Flanders Field," sung by Mrs. Gomer Emery. Throughout the service Miss Miriam Johnston presided at the organ.

Dr. Alley's stimulating message indicated that little possibility exists that America's 48 states will ever stage combat against each other because of the prevailing regime of law; that it should be the duty of all Americans to study both sides of the current debt problem before voicing opinion; that only two places remain for settling disputes, around the conference table or on the battlefield, and that three great institutions, the World Court, League of Nations and an executive organ, working chiefly through public opinion, have been mustered into operation to provide an impartial and effective judge for world troubles.

At the beginning of the afternoon service "America" was sung, and as a fitting close the audience joined in the peace hymn, "God Bless Our Native Land."

**Dinner Honors Him**  
At a complimentary dinner given in the Y. W. C. A. Saturday evening for the visiting college professor by the sponsoring group, the Lawrence county unit of the National Council on the Cause and Cure of War, nearly two score persons sat for over two hours listening to Dr. Alley's informal review of world affairs. Rev. C. S. Joshua was toastmaster.

Those who attended were Rabbi Avery Grossfield, Dr. and Mrs. James Blackwood, Mr. and Mrs. Willie Brewster, Mr. and Mrs. C. J. Kirk, Mr. and Mrs. George Ferver, Miss Gertrude Dunn, Mrs. G. R. McClelland, E. D. Marvin, Mr. and Mrs. George Seyfert, Mrs. J. B. McClaren, Mrs. William Cosel, Mrs. J. P. Fereham, Miss Ethel Kelley, Miss Elsie Calvin, Miss Edith Burchart, Mr. and Mrs. W. J. ## Bankruptcy Act Slated To Pass

Passage Of Bill Is Scheduled For House Today; Is Given Backing

## GARNER LIMITS DEBATE ON BILL

(International News Service)  
WASHINGTON, Jan. 30.—The McKewen-Laguarda bankruptcy act, perhaps the most important legislation which has a genuine chance of enactment in the "lame duck" session, was scheduled for passage in the House today.

Backed in principle by the administration and by congressional progressives, the measure is designed to provide for an extensive reorganization of business to meet present economic conditions.

To speed passage, Speaker Garner planned to allow the measure to be called up under suspension of rules. This automatically limits debate and prevents amendments.

In the meantime, Senator Hastings (R) of Delaware is seeking to expedite action in the Senate on a similar measure.

## SUNDAY RALLY ENDS CAMPAIGN

(Continued From Page One)

amendment and the Sunday laws. W. Walter Braham, attorney, said that should a temporary reversal be proclaimed, which he thought would not, it would be only a short time until the nation would see the folly of the move and return to the "dry" movement.

Dr. C. C. Green, superintendent of the city schools, repudiated the statements that the high school students of today are a "drunken" group, he stated that the scholars are a clean, outstanding group who have taken a great interest in the present campaign.

Dr. E. F. Galbreath, president of Westminster College, spoke from the views of one who has had much experience with young people and he spoke of the high ideals and purposes of the college student in general.

Dr. E. J. Fithian of Grove City was introduced and briefly gave greetings to the meeting.

**America Looks Forward**  
Cameron Ralston, who has been in the county the last two weeks, speaking before students, church bodies and civic groups, was the speaker of the afternoon and he gave an address on "America Looks Forward" in his brilliant, fiery manner; dealt with the present situation in the attitude of the nation toward the eighteenth amendment, saying a crisis was at hand, and urged the right thinking, right living people of the county to stand together and do their duty in regard to the repeal of the eighteenth amendment and the observance of law.

He spoke of the vision of the young people toward the future and told of the splendid response the young people of Lawrence county had made to his appeals during the past two weeks. He spoke of the interest of the high school and college groups and urged the present generation to make the country a better place for the coming young people to grow up in.

**Thanks To Helpers**  
At the close of Mr. Ralston's address Mr. Faverfield thanked all those who had so materially helped in the past two weeks; he thanked Dr. C. C. Green for the use of the high school building for the debate meeting; The Castleton for their co-operation in loaning rooms for committee meetings; the New Castle News for the splendid space given the reports of the meetings, and the owner for his attitude toward the eighteenth amendment. He thanked each and every person who had in any way contributed to the success of the campaign.

Dr. E. A. Crooks made a motion that the group gathered send a protest to Harrisburg representatives against the repeal of the Sunday laws and the Snyder-Armstrong act. This resolution was adopted unanimously.

Rev. Rees T. Williams of the First Congregational church pronounced the benediction.

## Highland Church Vesper Service

Young People's Organization Of The Church Presents Interesting Program

The vesper service in the Highland U. P. church was of special interest Sunday inasmuch as the program was in charge of the Y. P. C. U. of the church, Miss Claudia Boughter presiding. Miss Margaret Graham played the prelude "Serenade" by Schubert.

The service opened with a prayer cycle and singing of the hymns "Praise Him" and "The Light of the World" by the group after which the congregation joined in the responsive reading and prayer was offered by Thelma Merrilees and Frank Baldwin.

Miss Frances Turner sang "I Can't Always Trace the Way" by Olds, and Catherine Dickson gave the offertory prayer.

Religious pictures painted by Henry Hoffman, depicting the life and ministry of Jesus, were then shown in stereoscopic slides, with Frances Shaw as the reader and Margaret Graham playing the accompaniment.

After the singing of "Abide With Me" the benediction was pronounced by Rev. D. L. Ferguson, and Miss Graham played the postlude.

## VON HINDENBURG NAMES HITLER AS NEW CHANCELLOR

(Continued From Page One)

crowds in beer halls, to become chancellor. And for the past year, in which his power has emerged virtually supreme, it has been the self purpose of President Von Hindenburg to set him back.

Twice, before gaining success, Hitler nearly triumphed. Twice he held dramatic conference with Von Hindenburg in which he made his demands for "all or nothing" only to be gruffly rebuffed. Twice he lost. But on the third great attempt he won.

**Cabinet Sworn In.**  
Shortly after noon, Hitler and the hand-picked cabinet which Von Hindenburg selected for him, assembled at the presidential palace in Unter Den Linden to take the oath of office.

The fiery Nazi chieftain pledged himself to respect the Republican constitution, which obliges him to non-confidence in his policies, and then returned to his headquarters in the Hotel Kaiserhof to receive the cheers of thousands of his supporters.

Nazi leaders were jubilant over the turn of events. The Hitlerites were hopeful that the 600,000 Nazi "storm troops" would immediately be transformed into an official militia as the nucleus of a new German army of defense.

Political observers expressed belief that the first action of the new government would be to suppress and proscribe the Communist party, the most bitter enemy of the National Socialists, which would serve to dislodge some 100 Communist members from their Reichstag seats.

Such action would give Hitler a workable majority in the Reichstag, even without support of the Centerists and Bavarian Peoples' party. It was also believed that the press again would be gagged.

**Turns To Hitler**  
The president made his decision in response to the pleadings of former Chancellor Von Papen and others whom he trusted.

Overpowered by the seriousness of the situation precipitated by the resignation of the cabinet headed by General Kurt Von Schleicher, he turned almost in desperation to Hitler in an attempt to save the Reich from further political violence and unrest.

It was reported that Hitler, in re-voicing the appointment, pledged he would rule the nation "according to accepted principles."

In addition to making Hitler chancellor, Von Hindenburg appointed an entire cabinet with whom the fiery Nazi leader must serve. Col. Von Papen, in whom the president still places great trust, was named vice-chancellor and dictator of Prussia. Baron Von Neurath retained his portfolio as foreign minister.

Dr. Frick, trusted lieutenant of Hitler, was named minister of the interior and Hermann Goering, another Nazi leader, minister of air and minister of the interior for Prussia.

General Werner Von Blomberg was appointed minister of war and Dr. Alfred Hugenberg, chairman of the National Peoples' Party, minister of economics and agriculture. Franz Seldte, commander of the Steel Helmets was named minister of labor and Count Schwerin-Krosigk minister of finance.

## Harrison Street Home Ransacked

James Mills Returns Home To Find Much Of His Furniture Moved

James Mills of 802 Harrison St., called the police Sunday to investigate a robbery at his home. The officers found on their arrival that Mr. Mills had last been in the house on January 22 until yesterday.

A \$12 rug was taken from the first floor, a floor lamp, an end table, curtains from the windows, a wrist watch and a radio.

## Conduct Tests Of Auto Operators

State Highway patrolmen will test prospective motor vehicle operators here Tuesday. The examinations will be held in Sampson street. The hours during which the patrolmen will be on duty will be 10 a. m. until 3 p. m., inclusive.

## PILE SUFFERERS LIVE IN SHADOW OF THE KNIFE!

If you want to be rid of the torment of piles without an operation, throw away your laxative drugs. Generally it is abuse and neglect of your bowels that causes bleeding, itching, aching piles in the first place, and as long as you continue to irritate the delicate membranes with laxatives you are living in the very shadow of the surgeon's knife.

Start Cream of Nujol treatment instead, stop the irritation, and take the first step toward the relief of pile suffering.

This new form of Nujol is specially suited to sufferers from piles. It soothes and heals the delicate bowel membranes and makes you as regular as clockwork without any interference with your work or play.

It is delicious to take, and will cost you only a few cents a day. Buy it at any drug counter.

Start the new harmless Cream of Nujol treatment at once. Give it a real test. Stop at your druggist's and get a bottle tonight.

## Deaths of the Day

**James McAdams.**  
James McAdams, well known resident of Slippery Rock township, New Castle R. D. No. 6, died at his home in that district on Sunday, January 29, at 3 a. m., as a result of complications that followed a fall on December 12, 1932, in which he sustained a fractured hip.

## Police Hear Of Street Accidents

Several Machines Are Reported As Having Been Damaged

Frank Milton, 458 Neshannock avenue, reported Saturday that he was enroute west on East Washington street between Vason street and Frank avenue, as a street car No. 349, in charge of N. E. Baer was enroute east on Washington street.

Mr. Milton claims there was a car parked on the side of the street and that he attempted to pass between it and the street car and sideswiped the street car, damaging his machine and the street car.

He claims that the street car did not stop but kept on its way to the end of the line. He sustained a cut on one finger.

Charles W. Smith of Volant R. D. No. 1, was enroute west on East Washington street at Croton avenue and stopped for the red light, as a truck of the Rieck-McJunkin Dairy Company driven by Pasquale Cole of 317 Neal street, which had been following his machine, hit and damaged the rear of his machine.

Mrs. Eva M. Carrigan of 1211 South Mill street, reported that she had her machine parked on North Mill street at the Isaly store, when a machine bearing Pennsylvania license J296 enroute from East Washington street onto North Mill street, hit and damaged her car.

**ORDERED FROM TOWN.**  
Clarence Benward, of St. Mary's O., made a mistake Sunday when he went begging. It was reported from the home of Wm. McLaughlin, 602 Summer avenue, that a man had begged some food from that home and then gone across the street to six other men. Officers detailed picked up Benward but found that it was some boys that he had been talking to. Benward was ordered out of town.

**FAITH**  
Auto inspection time here again, the law compels you and the people of Pennsylvania to be at another added expense, to have their cars inspected.

That same law does not compel the man that inspects your car to have served any time learning the mechanics of automobiles. The first day in a garage might have been the day before. The same law that compels you to have an auto inspected should compel the man that inspects it to serve a certain number of years before he touches it as an inspector, but if all inspectors vote right they will probably not have any trouble being inspectors.

## O'BRIEN-MOORE MARRIAGE EVENT

A quiet but impressive wedding ceremony was performed Saturday morning at 11:45 o'clock when Miss Bell O'Brien, daughter of the late Mr. and Mrs. Ed O'Brien, became the bride of Thomas Moore, son of Thomas Moore Sr., of 308 North Mercer street, at the residence of Mr. and Mrs. George S. Long, of East street, the latter being a sister of the bride.

The Dr. H. C. Weaver officiated with the ring service in the presence of a few guests.

The bride was lovely in a tan and rose beige crepe gown with shoulder corsage and accessories to match. Mrs. Long attended her sister, and she was attired in a frock of blue crepe with shoulder bouquet and accessories to harmonize. Immediately following the reading of the nuptials a wedding breakfast was served at the Long residence. The table was beautifully appointed in pastel shades, and a large cake graced the center.

Among those in attendance were Mrs. J. S. Fyle of Youngstown, O., sisters of the bride and a brother, Ed O'Brien and wife, of this city.

The couple dispensed with a wedding trip for the present and will take up their residence in New Castle where Mr. Moore is superintendent of the New Castle Electric Railway Company.

## MARRIAGE ANNOUNCED OF LOCAL INTEREST

Mr. and Mrs. William Johnson of Washington, D. C., announce the marriage of their daughter, Miss Ruth Belle Johnson, to Melvin Moore Wertz on Saturday, January 28, at the Episcopal Church of the Ascension in Washington, District of Columbia.

The Johnsons are former residents of New Castle and have a wide circle of friends here who will be interested in learning the news.

## Distribution Of Clothing Halted For Several Days

No More Garments Will Be Distributed This Week After Tuesday

In order to give the committee in charge of the distribution of clothing an opportunity to catch up with the work of keeping their records, and to take an inventory of the stock on hand, there will be no more clothing distributed by the Lawrence county chapter this week after Tuesday.

Several thousand garments have been given out each week at the chapter office for the past few weeks, and in addition a great number of garments have been sent to the various units in charge of distributing the clothing in the county, outside New Castle.

A record is kept of each garment distributed, and each person receiving clothing signs a receipt for the same.

## SIX-YEAR PRESIDENTIAL TERM

POLITICAL reform is a rather contagious thing; having put the "Lame Duck" Amendment to the Constitution through in quick order, those who believe in changing the existing state of affairs are now advocating an extension in the Presidential term to six years with one term as the limit. It is not a new idea by any means, but it has been revived as a result of the success of the amendment which advances the date of the Presidential Inauguration and starts the new Congress in the January following the election. Senator Pitman advocates a six-year, one-term for the President as a logical sequel. He says he would not be surprised to see it brought about within the next two years.

Whether it is or not, the people are awakening to the fact that a change in the Constitution is not necessarily a long drawn out bit of business. Much depends upon the sentiment of the people. If popular opinion is strongly in favor of a proposed change, it need not take more than two or three years to bring it about. Indeed, the Lame Duck Amendment has been ratified in one. But if opinion is evenly divided or if there is indifference, changes in the Constitution may take an exceedingly long time. Senator Pitman says that the suggestion of a six-year, one term amendment involves no criticism of any Presidents, but is intended rather as a needed improvement on the present system.

He points out that a President serving his first term no sooner gets his policies into operation than he is faced with the need of beginning a campaign in order that he may have another four years to carry them to successful completion. Under the one-term plan, Senator Pitman argues, a President would be as free as humanly possible from political considerations, and he could occupy his term up to the last day with constructive programs. Still another advantage, according to the proponents of the idea, is the fact that the country would be less subject to times of uncertainty because the periods of change would be moved farther apart.

However, opinion on the subject is far from unanimous. Many contend that if the people have a satisfactory President they should retain the right to keep him in office for eight years—or more—rather than the six now being advocated. The bugaboo of three terms is in reality not much more than a bugaboo, because men who serve eight nerve-racking years in the White House are usually only too glad to return to private life at the end of that time. The problem is not a partisan one by any means; sentiment on it seems to be pretty evenly divided among the leaders of the two major parties.

## IDLE R. F. C. "JOB MONEY"

When congress appropriated \$1,500,000,000 for self-liquidating construction projects it took for granted that there were enough such projects in the country to put the entire sum to work providing work for the jobless. It now appears that it was taking a lot for granted.

Instead of the 3,000,000 jobs this fund was to create immediately it has given work to less than 300,000. Loans approved to date will eventually give work to 300,000 for 30 hours a week, for a brief period.

Are the states, municipalities, counties and other eligibles taking the fullest advantage of this reconstruction and relief measure? Self-liquidating enterprises are subject to a more or less exact definition, it is true, but there probably are many which could meet the requirements but have been overlooked. It is time to take inventory.

R. F. C. headquarters have been submerged in applications for direct relief from the states, which were quick to take advantage of federal funds for that purpose, but they have neglected that part of the federal relief program which would create jobs, the best means of relief and the true intent of reconstruction.

## A NORTH AMERICAN ALLIANCE?

Although there are obvious obstacles to the formation of a continental union consisting of Canada, Mexico and the United States, which is suggested by J. A. Velezuela, the Mexican Consul in Pittsburgh, the thought behind the suggestion is interesting, and its mere discussion would have the advantage of bringing into stronger relief the practicability of self-sustenance by the northern subdivision of the American continent. The three nations are capable of producing practically everything that is required to supply the necessities and luxuries of life. Their disclosed natural resources would make them independent of other lands if the energy of their peoples were directed to attainment of this end; what lies beneath the soil within their unexplored or superficially explored areas under their jurisdiction no man can guess.

It has long been the policy of the United States to encourage the purpose of Bolivar looking toward hemispherical co-operation. Since Blaine made his distinguished contribution to this object the Pan American Union has been an increasingly potent factor in the elimination of misunderstandings and the propagation of good will. Canada, as a dominion of a foreign Power, was and is ineligible to membership in the union, which is composed of the republics of the three Americas; what its development as a member of the newly ordered British political establishment may bring about is a question not now to be answered.

Outside of the Pan American Union, there have been several associations of American republics, an example of which is that formed by the Central American nations, which, binding themselves not to recognize within their jurisdiction governments set up by revolution or unconstitutional methods, maintained this attitude consistently for years, until the unrest of the present disturbed times has led some of them to move to end it. It is easy to say that, because of the present movement to terminate this compact, it has failed, but this judgment should not be accepted off-hand, for the good the treaty has done must not be overlooked. It was a bold experiment, and from its operation valuable lessons are to be learned.—The New York Sun.

BRAND  
Do you know about Brand?  
That's the title of a long poem that Iben wrote.  
That's the name of the man in the poem.  
He was a fine man, Brand.  
He was strong, he was good, he sought perfection.  
That's all right, to seek perfection. That, in our various ways, is what everybody does. Perhaps we don't say so. We don't speak our search aloud. Don't tell people. Don't even whisper it. Sometimes we're half-ashamed of that ideal. But just the same we want perfection. As Brand did.

But Brand had a great weakness. He could not endure other weakness anywhere. Neither in himself nor in anybody else. He was always "blowing up". . . . He'd go so far and then he'd hit an obstacle. It might be something big, it might be so insignificant that another man would not pay any attention to it. But it was always big enough to wreck this fellow, Brand. He'd tear his hair and wring his hands (as I remember) and throw all his gains away and start all over again.

That's how he went through life, this strong, fierce Brand. Building up and tearing down. Patiently working, then dynamiting his own creation. . . . Throwing himself against the bars, smashing himself again and again. Wrecking his life, torturing himself, hurting other people. . . . He wasn't at home here. He didn't belong. He was born with that fatal dissatisfaction that tormented him so terribly. He couldn't get rid of it, he didn't want to be free of it. He wanted to remake the world in accordance with his own private plans, and if it would not be remade as he desired, then to the devil with it and he'd go his own grieving, angry, broken way.

So he ruined his life, this Brand. He stripped himself and suffered and got but little out of himself. Scarred and hungry and embittered, he did go his own way and there was hardly a one of all who knew him that understood the proud, unhappy fellow.

Perhaps you never knew a Brand, but probably you have. Perhaps there is any of the Brand in you, but it's quite possible that there is. . . . We, imperfect, despise that same imperfection in other people. We, so human, criticize the human weakness of others. . . . That's true. You know it is.

## Daily Editorial Digest

Symposium of Editorial Views By Newspapers of Nations on Important Subjects as Edited by Consolidated Press Association

## Roosevelt-Hoover Efforts Win Indorsement Of Nation

New Conditions Expected To Result From Full Discussion With Foreign Nations Of Attitude To Be Taken Toward Debt Question

Enthusiasm is shown throughout the country over the prospects of a new spirit of co-operation between the present and the incoming administrations on the subject of European debt. Great benefits are predicted. Commendation is general in relation to the method by which President-elect Roosevelt is to act through President Hoover and Secretary of State Stimson.

"It is momentous news," says the NEWARK EVENING NEWS, with the feeling that nothing so constructive has come out of Washington since the moratorium, and it is exactly the sort of co-operation between the two national leaders for which the whole world has been anxious." That paper concludes that "no parity between two men in modern times, not even the conversation of Gen. Pooh with the German armistice envoy at Compiègne in 1918, had greater potentialities than Mr. Roosevelt's agreement with Mr. Hoover." The BUFFALO EVENING NEWS observes that "the worldwide reactions show unmistakable encouragement; it is the most distinct ray of hope that has been enlightening the depression in many weeks." The DAYTON DAILY NEWS calls the agreement "the most important event of many a week," and is convinced that "it comes as a ray of light upon a darkening world." The LOWELL EVENING LEADER emphasizes the point that "so far as foreign relations are concerned, the world will be no break when the new administration comes into power."

"It may well be," thinks the KANSAS CITY STAR, "that the move taken by the President and the President-elect to respond to Britain's request for a reconsideration of the debt settlement will break the log jam that is holding back world recovery. The debts in themselves are not so important. The important thing is that so long as they are unsettled there can be no effective effort to stabilize British currency on which the currency of half the world depends. So long as these currencies fluctuate, foreign trade is blocked off to an extent that holds it far below normal, even for the depression." The STAR adds that "the settlement of the debts in order to make possible the stabilization of currencies is the first essential to stimulating international trade which, in turn, is essential to recovery." The YOUNGSTOWN VINDICATOR advises that "once the world has assurance that the nations will co-operate to settle their problems, and that sound methods of finance will prevail over the inflationary schemes which have everywhere undermined confidence, the way will be prepared for recovery."

"Apart from the basic fact that debt reconsideration is on the way," according to the WASHINGTON EVENING STAR, "the American people will derive their greatest satisfaction from the circumstance that the outgoing and incoming administrations have buried the debt hatchet. After that seemed remote two months ago is today an accomplished fact. Perhaps a complete precedent is now being established by the conduct, through a Republican and retiring Secretary of State, of diplomatic negotiations of a Democratic President, who will not be in office for another five or six weeks. Common sense has won a notable victory over political partisanship." The INDIANAPOLIS STAR remarks that "a solution seems to have been found for the problem of bridging the interval between administrations through unity in a common patriotic purpose," and that "a clarified basis of action is a prime necessity." The SCHENECTADY GAZETTE lauds the services of Secretary of State Stimson, declaring that he "is in a splendid position to further the cause of co-operation and to assure smoothly functioning foreign policy while the new Executive is taking over control."

"The war debts have produced the worldwide depression," according to the FORT WORTH STAR-TELEGRAM, "not necessarily because of the money changing, but because diplomacy has talked itself into it." The WALL STREET JOURNAL finds it encouraging to feel "that Mr. Roosevelt's intention that, when he goes to Congress, he is to have a concrete proposal from the nation whose debt is to be (or not to be) readjusted." The HOUSTON CHRONICLE says there is "heartening evidence of a return to sanity in our consideration of world problems," and that "the President and his successor are taking the only practical course left to restore some sense of economic reality to a befuddled world." The SANTA MONICA OUTLOOK advises that "the American people require a greater appreciation of the difficulties confronting other peoples and the fuller, practical realization of the fact that this is a give-and-take world."

"Our statements, of the outgoing and incoming administrations," thinks the BALTIMORE SUN, "have brought themselves to recognize that revision, if not outright cancellation, of the war debts is in our own interest. In Washington they have begun to catch up with those who are more interested in customers than in impoverished debtors. Having begun to catch up, it will be all to the good if candor is made the rule of the day, and no more dust is thrown into the eyes of the American public." The SCRANTON TIMES states that "the ability of the debtor to pay will be the outstanding consideration in any agreement," while the HART-

FORD TIMES comments: "Getting underneath the formalities, one may say with fair confidence that in the near future the United States and the European governments will be in conference through their diplomatic agencies, both serially, and together, for re-adjustment of the debts and for combined assault upon the world-depression through inter-national action in the direction of stabilizing and standardizing exchange, better distribution of gold holdings, and the diminution of artificial trade barriers." The NEW YORK HERALD TRIBUNE voices the opinion: "Every American who believes that moderation and reason ought to be used in this affair will earnestly hope that the European powers will be able, now (Continued On Page Five)

## Once Overs

By J. J. MUNDT

THE OHIO PLAN  
Several women in an Ohio town who entertain extensively have organized what they call a "Dinner Protective association."

Its most important rule is that meals shall be served at the appointed time irrespective of how many invited guests are late. It's a good plan and one that should spread over the entire country.

Even with kitchen improvements a dinner is never half so good as it might be if it has to stand a half hour longer before serving.

Those who are invited out should feel complimented enough to be on time.

In fairness to a hostess, a guest should do his or her part to make a dinner party a success. Just as the entertainer hopes it will be to arrive at the time specified.

Many people are noted for the fact that they never are on time.

To be always late is not a desirable distinction.

It is the result of habit and poor management more than anything else and not a creditable accomplishment.

The Ohio plan, if adopted generally, ought to curb this bad habit. And it will, if enough women join in the movement and stick to its provisions.

## The World AND THE Mud Puddles

HE KNEW

Calvin Coolidge, had he lived, would not have been able to understand Huey Long, the "Kingfish" of Louisiana, any more than they would have understood the aims of the Technocracy. He would not have been able to get in step with any "new-fangled" ideas of Government. As he is credited with having recently said concerning the high cost of Federal Government, "Taint worth it," he would have been absolutely opposed to any more paternalistic government to say nothing of his attitude upon the present business in which the Washington "wiseacres" are engaged.

Talking with Harry L. Stoddard, Coolidge was reported in the New York Sun to have said:

"It is just as well that the Democrats have it lock, stock and barrel. But somehow I feel that it is a mistake to break down the Hoover administration just as it is making progress toward national recovery."

"I am out of it and have kept out of it—up in Plymouth, you know, you are pretty well out of the currents."

"Great changes can come in four years. These socialistic notions of government are not of my day. It has always seemed to me that common sense is the real solvent for the nations problems at all times—common sense and hard work. When I read of the new-fangled things that are now so popular I realize that my time in public affairs is past. I wouldn't know how to handle them if I were called upon to do so. That is why I am through with public life forever."

## Just Folks

By EDGAR A. GUEST

PARENT THOUGHT  
Some day some lover bold will come Unheralded by horn or drum And take my little girl away In spite of all that I may say.

Nor troops in arms, severe, erect, Against him my castle can protect Nor judge, nor lawyers, nor police Force him his love design to cease.

I call her mine and yet I know Some day with him she'll come to go And wish to share with him the car Which we have known and had to bear.

I only hope when he appears That I can trust him down the years And tell the day he comes to die He, too, will cherish her, as I. (Copyright, 1933, Edgar A. Guest.)

## War Veterans Affairs

Material For These Articles Is Taken From Government Records

This is the first of a series of articles relating to War Veterans Affairs, prepared for the New Castle News, by the Lawrence County chapter, American Red Cross, which will appear weekly.

**Veterans Administration:** An act of Congress of July 3, 1930, was passed authorizing the President of the United States to consolidate and coordinate government activities affecting war veterans. This consolidation was effected by executive order on July 21, 1930. Thus, three different branches, the U. S. Veterans bureau, Bureau of Pensions and the National Home for Disabled Volunteer Soldiers were brought under one head, with an administrator in charge. I want to give you a brief history of these branches before consolidation.

**Bureau of Pensions:** The Bureau of Pensions, being the oldest branch, we will start with it. The first pension law of the United States was passed by Congress a few weeks after the signing of the Declaration of Independence in 1777. This first pension law was to care for soldiers and sailors disabled in the Revolutionary war. The administration of these first pension laws was under the jurisdiction of the secretary of war. Under the general pension law of 1792, the duty of adjudicating pension claims was imposed on the United States Circuit courts. They in turn were to report their actions to the secretary of war. The judges denied the power of congress to impose such duties and the law was changed early in 1793, providing new regulations. Under the new regulations, judges of the United States District courts or commissioners appointed by them, received the evidence, submitted their findings to

the secretary of war, who in turn placed the individual claims before Congress for action. Various changes in the administration of pension laws were made up until 1849, when the interior department was established and the Bureau of Pensions became a part of that department, with a commissioner of pensions in charge. While many new pension laws were enacted after 1849, no change in the method of administration was made until 1930.

**National Home For Disabled Volunteer Soldiers:** The first National Soldiers' and Sailors' home was incorporated by an act of Congress in 1865, for the purpose of establishing an asylum for totally disabled volunteers of the Civil war, both officers and enlisted men, and such disability had to be received in the line of duty. The affairs of this organization were to be administered by a board of managers, who were to report to the War department and to Congress once each year. Four national homes were authorized by Congress in 1866 and in the same year the first home was established at Augusta, Maine. At the present time there are eleven of these homes in use and three new ones will be completed early this year. These homes are now designated as Veterans Administration homes. Any honorable discharged soldier, sailor or marine of the World war or Spanish American war, is eligible to admittance when sick or disabled to the extent that he is unable to earn a livelihood, providing space is available.

**United States Veterans Bureau:** Shortly after the beginning of the World war, Congress was faced with the problem of providing relief for the military and naval forces engaged therein. Legislation was enacted, curtailing further extension of the pension laws and provided in their stead, more modern laws, based upon principles, similar to the various workmen's compensation acts. A new agency, designated as the Bureau of War Risk Insurance was established. Provision was made in this act for a system of allotments and allowances for the support of dependents and families of men in service. A system of war risk insurance was set up to provide against death or permanent and total disability. Vocational training, re-education and courses of rehabilitation were provided for men disabled in service. The United States Veterans bureau was established by an act of Congress in 1921 as an amendment to the War Risk Insurance act and consolidated all recent legislation relating to World war

veterans, under one bureau. Numerous new benefits were provided, including the World War Adjusted Compensation act (bonus), and were administered under the United States Veterans bureau until July 1930. In 1930, the United States Veterans bureau was combined with other veterans affairs under the veterans administration. At the present time there are fifty-three regional offices maintained under the veterans administration.

## Urge Retention Of Volstead Act

Swick Given Petition Also Urging Aliens Be Excluded In Re-Appointment

By ARTHUR C. WIMMER  
Special Washington Correspondent,  
New Castle News

WASHINGTON, D. C., Jan. 30.—The house judiciary committee today had on file a resolution from Dr. C. E. Imbrie and 78 members of the First United Presbyterian church of Butler urging retention of the 18th amendment and Volstead act and enactment of legislation to exclude aliens in congressional reapportionment.

The resolve was given to the house by Representative J. Howard Swick and was referred to the judiciary committee.

## Potter To Write On Vet Affairs

Will Explain Laws And Interpretations For Local War Veterans

Secretary Orville Potter of the Lawrence county chapter, American Red Cross, has prepared a series of articles dealing with veterans affairs, which have been compiled from government records.

Each week, one of these articles will appear in The News. Because of the fact that there is much confusion in the mind of the average veteran regarding veterans legislation and interpretation of the laws, this series has been prepared. It will deal with all phases of the laws pertaining to the veteran.

## Lost Child Found Frozen To Death

BOYERTOWN, Pa., Jan. 30.—Believed to have become lost in attempting to follow his father to a store, 2-year-old James Weisteiger was found frozen to death today in a field near his home at Englewood. The child's disappearance last night led police to fear he had been kidnapped. Volunteers and boy scouts conducted a search that lasted all night. Police in nearby towns and cities were asked to watch for the boy. The body was found by a boy scout.

that the machinery has been created, to advance some definite proposals on their own account which will permit of establishing at least a common basis for discussion.

With expression of uncertainty as to the scope of the matter, the NEW YORK SUN says: "Probably Mr. Roosevelt believes that the discussion of the debts and the world economic problems to be considered with them can be so managed as not to commit the United States to a course which might be embarrassing in the economic and disarmament conferences that are expected to follow." The AKRON BEACON JOURNAL utters the warning that "the defeated administration was soundly reproofed for having given too much time and thought to old world interests and not enough to emergencies confronting our own country; and the conditions which inspired the political upheaval have not changed."

ILLUSION:

One of Napoleon's soldiers rose to fame on the "Burning Oven" trick. A roaring fire was built in an oven... the temperature rose to 600° F. Into the oven walked the "fire king," M. Chabert, carrying several raw steaks. A few minutes later the doors were flung wide and out he stepped... safe and sound... with the steaks thoroughly cooked.

EXPLANATION:

Heat rises. When Chabert entered the oven he hung the steaks above the fire, in the center of the oven, then dropped to the floor at the side, covering his head with a hood made from his shirt. He breathed through small air holes in the floor. When the steaks were cooked he threw back the hood, grabbed the steaks, and stepped out in triumph.

## It's fun to be fooled — ...it's more fun to KNOW

"The Burning Oven" is an old illusion which has played a leading rôle in cigarette advertising. Its modern name is "Heat Treatment."

**EXPLANATION:** All cigarette manufacturers use the heat-treating process. Cheap, harsh, raw tobaccos require intensive processing under high temperatures. The more expensive tobaccos, which are naturally mild, call for only a moderate application of heat.

The first Camel cigarette was manufactured under the heat-treating process. Every one of the billions of Camels produced since has received the nec-

essary heat treatment. But remember that heat treatment never makes cheap, inferior tobacco good. It is not in heat treatments, but in more costly tobacco and fine blending, that Camels find their appealing mildness and flavor.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

You sense this quality in the mildness... the distinctive flavor... of Camels. More costly tobaccos and a matchless blend tell the story of Camel leadership in public confidence.

Try Camels. Judge them critically. Compare them with others for mildness, for throat-ease, for good taste. Key your taste to quality! Camels come to you fresh and cool... in the air-tight, welded Humidor Pack that keeps dryness outside and freshness inside.

## Visiting Judges Eat Up State Funds

Get Over \$150,000 Appropriated By Last Legislature

HARRISBURG, Jan. 30.—Payment of salaries and expenses of judges holding court outside their own districts has exhausted the \$150,000 appropriation made by the 1931 Legislature. It will be necessary for the General Assembly now in session to make a deficiency appropriation.

In the first 19 months of the 1931-33 biennium traveling judges had sent to the fiscal officers vouchers covering salary and expenses amounting to \$153,665 or \$3,665 more than the last appropriation. Traveling judges are allowed \$30 plus expenses for each day they hold court outside their own districts. The Senate this week passed a bill of Senator George L. Reed, Dauphin reducing to \$15 a day the extra compensation for holding court.

## Expect Throng At Elks Party

Many Reservations Are Being Made For Tables At Benefit Tuesday Eve.

PROCEEDS WILL GO TO RED CROSS

With all arrangements completed, members of the general committee in charge of the big dance and card party to be held Tuesday evening in the Elks club for the benefit of the Lawrence County Chapter, American Red Cross, are looking forward to greeting a record crowd.

Indications point to the event being one of the finest of its kind ever held in New Castle. The various committees have worked hard to make the affair a success. Many tickets have been sold, and many are expected to attend who have not as yet purchased tickets.

In order to insure accommodations, those expecting to play cards are urged to make their reservations for a table at once. More than eighty tables have already been reserved, and reservations can yet be made by calling Mrs. Ben Agnew, vice chairman of the committee on cards.

Mrs. Frank Zimmerly has been added to the committee in charge of euche and will assist Mrs. Jack Hannan.

## Trick Checker Plays Thrill Lobby Crowd

Youngstown Expert Demonstrates Skill In Matches With Y. M. C. A. Fans

Checker enthusiasts about the Y. M. C. A. lobby were in their glory on Saturday evening, when Robert Cornell, Youngstown player of no mean renown, came here to engage local experts in friendly competition.

Cornell calmly played 12 different matches simultaneously, that is, played 12 boards at the same time. Later, blundered, he pitted his skill against six boards at once, playing by number the checkers on the boards.

The Youngstown expert came here at the invitation of H. A. Newcomb, one-time checker champion of Ohio, now a temporary resident in the Y. dormitories.

A lobby crowd followed Cornell's playing closely, it is reported.

## Y. M. C. A. Notes

LEAD CHURCH SERVICE

At the First Christian church last night, the Gospel team of Senior Hi-Y Club fellows conducted a most inspiring service. James Kirkpatrick presided over it.

Ralph Davies offered the prayers of the evening. James Marshall read the scripture and Rex Rowland and Heber Baldwin spoke. Rowland's subject was "Responsibilities to God and Caesar," and Baldwin's theme was "Faith."

Dr. G. S. Bennett, pastor of the church sat with the youthful speakers on the platform. A large congregation witnessed the service.

**TO INSTALL TONIGHT**  
Tonight, when the Senior Hi-Y Club meets, newly elected officers for the organization will be installed.

Rex Rowland will step out of the presidency for John Stump. Other officers who will assume their duties will be Heber Baldwin, vice president; Howard Rumbaugh, secretary, and David Bender, treasurer.

**JUNIOR HI-Y TO MEET**  
New officers will be installed this evening by the George Washington Junior Hi-Y Club when it meets in the Y. M. C. A.

## Rotarians Hear Club Discussion

New International Rotary Resolution Is Considered At Day's Session

For the second consecutive Monday New Castle Rotarians, gathered for their weekly luncheon in The Castle-ton, occupied their time by discussing pro and con the provisions of a new International Rotary resolution sent here for the local club's study. President W. J. Caldwell presided.

Howard B. Richards, chairman of the Rotary educational committee, directed the resolution discussion, and different members participated. Present today as guests were Postmaster Lake S. MacNab, George Jackson, Connecticut Rotarian, representative of the U. S. treasury department, here for a local conference; Dr. E. J. Fithian, Grove City, and Rotarian Stedman, Youngstown.

## White To Attend District Meeting On Gas Rates

Named By Council To Attend Conference At Washington, Pa.

City council met today in city hall and upon motion of Councilman Genkinger, adopted unanimously. City Solicitor Robert M. White was delegated to attend a conference at Washington, Pa., in the near future, which will relate to gas, artificial and natural, and the rates now being paid in various municipalities in this section.

White was appointed as the city's representative after a letter had been read from Mayor Robert Griffith, Washington, Pa., who advocated the conference.

A copy of his letter to council follows:

"An investigation of the rates and service of the Manufacturers Light & Heat company, conducted under the supervision of this city discloses three pertinent facts:

"1—That the rate is approximately 20 per cent higher than it is just over the line in West Virginia.

"2—That natural gas contains 1,000 heating units per 1000 cubic feet for which we pay 63 cents. That artificial gas contains 530 heating units for 1000 cubic feet, but that this gas is now supplied through its companies loses at the same rate as natural gas, but the actual cost to the consumer for this service is \$1.26 per 1000 cubic feet, on the basis of its heavy quality.

"3—That artificial gas burned with natural gas appliances and mixers is dangerous to both health and property."

Washington is not satisfied with these conditions, according to Mayor Griffith, and he adds: "Washington does not believe your community is satisfied, either. Our interests are mutual. Washington would like to know what other communities think of this effort to increase gas rates by subterfuge."

He then invited the city to send a representative to a conference to be called soon so that there can be an exchange of views.

## See Increase In Enrollment At Public Schools

Figures Will Be Ready In Day Or Two — Some Changes Made

No figures were available at noon on the total enrollment of the New Castle schools for the second semester which opened today, but a substantial increase over the first semester was indicated.

This is brought about both by the number of beginners entering the first grade and many of the graduates of last week returning to senior high school to do post graduate work.

In the senior high school there is little change in the total enrollment, something over 2000 pupils being there. The number of graduates who left after commencement is made up by the influx of students from the Franklin junior high school.

The students of the George Washington junior high school who were ready for the senior high school will be kept in Washington and senior classes conducted there.

Some reorganization of classes was necessary today to avoid taking on additional pupils, but in spite of this the semester got away to a smooth start.

The enrollment totals will be available late today or early Tuesday, according to Dr. C. C. Green, superintendent of schools.

BIRTHS

(Announcements to appear in this column must be addressed with name and address of writer.)

Mr. and Mrs. James B. Magee, of Highland avenue, announce the birth of a daughter in the Jameson Memorial hospital, January 29.

Mr. and Mrs. J. Earle Locke, 307 S. Crawford avenue, announce the birth of a son, David Parle, on January 26.

Mr. and Mrs. Edward Wawrzynski of 101 East Big Run street, announce the birth of a daughter, Constance, on January 26, in the New Castle hospital.

Modern liners are equipped with gyroscopes, a large top-like machine, that spins at high speed and holds the ship on an even keel regardless of how rough the sea gets.

## Expect Wage Dispute Will Be Adjusted

Conference This Afternoon On Question Of Wages On Post Office Work

At two o'clock this afternoon a conference was scheduled in the office of Mayor Charles B. Mayne in an effort to finally dispose of the wage question that has been in controversy on the new post office site.

The Kutsche company, general contractors will be represented by G. J. Murphy, engineer, the Treasury Department by John T. Jackson, Jr., the U. S. Department of Labor by Miss Emmeline Pitt, and the labor unions by Mayor Charles B. Mayne.

A settlement is confidently expected inasmuch as the matter has been taken up with the Treasury Department and referred to the Department of Labor which has final jurisdiction.

## Petition To Sell Stitzinger Home

Court Grants Until March 6th To Dispose Of Lincoln Avenue Property

The G. G. Stitzinger property on Lincoln avenue, to which the Lawrence Savings and Trust Company holds a deed in trust from Mrs. Vernah Stitzinger, will be sold for the purpose of paying debts, under an order made by Judge R. L. Hildebrand this morning. Return of sale is to be made by March 6th.

## Illinois Mother Slayer Of Three To Take Sentence

Mother Pleads Guilty To Man-  
slaughter In Death Of Her  
Three Children

(International News Service)  
CHARLESTON, Ill., Jan. 30.—  
Mrs. Inez Steed Carrell, who cried  
for the solace of death only three  
short months ago, now wants to live.

Today she was to plead guilty to  
three charges of manslaughter in  
the deaths of her three children  
whom she drowned in a bathtub at  
nearby Mattoon last October 22.

Even greater than this revived  
will to live has been the fear in the  
heart of the comely, 30 year old  
Chicago widow of being sent to an  
insane asylum. It was this that  
caused her to consent last night to  
the agreement which her attorneys  
made with the state's attorney that  
she plead guilty to the manslaughter  
of June Carrell, 11, Bobby, 7, and  
Mary Ellen, 5.

Under these pleas she would be  
liable to three years of one or  
fourteen years imprisonment, each.  
She would be eligible to parole at  
the end of three years if the sen-  
tences were concurrent, attorneys  
agree.

## Work Progresses On Canal Survey

Civilian Engineers Assist With  
Army Survey Of Beaver  
And Mahoning

With a corps of civilian engineers  
assisting, the survey of the Beaver  
and Mahoning rivers from the Ohio  
to Struthers is progressing nicely, it  
is stated by Major W. D. Styer, in  
charge of the Pittsburgh district for  
the United States board of army  
engineers.

From the data secured in the  
original survey, the engineers are  
computing the costs of excavation  
and construction of locks and dams  
in the two streams as suggested in  
the modified plan.

The civilian engineers assisting in  
the work are G. M. Wallace, principal  
engineer; F. W. Bowden, senior  
engineer, and H. E. Anderson, asso-  
ciate engineer.

## Woman Is Stricken Attending Funeral

BEAVER FALLS, Pa., Jan. 30.—  
Stricken with a heart attack while  
attending a funeral service in West  
Bridgewater Methodist Episcopal  
church yesterday afternoon, Mrs.  
Laura C. Rader, 63, died almost in-  
stantly.

Mrs. Rader, who had not com-  
plained of being ill, suddenly slumped  
against Mrs. Raymond Doak, sit-  
ting in the pew beside her, as pall-  
bearers carried the remains of Mrs.  
Elizabeth A. Grenfell out of the  
church.

Mrs. Rader leaves four sons and  
one daughter.

## Canadian Vets Get Headstones

Stones For Graves Of Veter-  
ans Who Died Prior To  
1921 Are Available

According to information furn-  
ished Tom Edmunds, graves regis-  
trar, headstones are available for  
Canadian or British soldiers who  
are buried in Lawrence County, who  
died previous to August 21, 1921.

These headstones are furnished  
by the Canadian and British gov-  
ernments. Families of deceased  
Canadian or British veterans may  
secure such stones by making appli-  
cation to Dr. Edmunds at the coun-  
ty courthouse.

## Union Reserves Plan Semester's Club Gatherings

Cabinet members of the Union  
high school's Girl Reserve club met  
Saturday and planned a program  
for the rest of the school season.  
They decided to have a social event  
once every month, said event to take  
place at the Y. W. C. A. Regular  
business meetings will be conduct-  
ed at the school on alternating  
Tuesday mornings at 9:10 o'clock.

A roller skating party will be an  
event of March. A mothers and  
daughters tureen dinner will take  
place in April. A club picnic at  
Camp East Brook will be a May ac-  
tivity.

"Relationships" will be the club  
theme for the semester. This sub-  
ject in regard to parents, boys, girls  
and God will be handled by speakers  
at the club meetings. Mrs. E. C.  
Ruby will be the first speaker.

## Girl Reserves Are Not Having Week's Meetings

While mid-year promotions are  
being adjusted in the junior and  
senior high schools several of the  
Girl Reserve clubs have postponed  
their regular meetings, the Girl Re-  
serve secretary of the Y. W. C. A.,  
Marian Wilson, announces.

There will be no meeting of the  
Ben Franklin Hobby club this after-  
noon and no meetings of the Ben  
Franklin Girl Reserves nor the new  
seventh grade club of George Wash-  
ington junior high on Tuesday after-  
noon.

Several cabinet meetings are tak-  
ing the places of the regular meet-  
ings. The officers will plan the new  
semester's program.

## Sharon People Good, Patrol Not Needed

SHARON, Pa., Jan. 30.—Sharon  
today is without a police "wagon"  
and due to the good behavior of the  
citizens, the purchase of a new one  
is not contemplated. "Black Maria,"  
the patrol car since 1922, was sold  
for a few dollars. In the more than  
10 years in which it was in use, it  
was driven only 5,000 miles.

**WRITING OF TAX  
DUPLICATES STARTS**  
County commissioners have had  
no trouble getting the additional  
help needed to write up the tax  
duplicates for 1933. Many more ap-  
plicants applied than were needed  
and the places have been filled. The  
reason that additional help was  
needed at this time is that there is  
only a limited time in which to pre-  
pare the duplicates for the county  
treasurer. Work has already start-  
ed on the duplicates.

## SEVENTH WARD NEWS

### Ring Is Returned After Five Years

Ring Missing From Local Home  
For Long Period Is Mailed  
Back To Owner

Mr. and Mrs. C. E. Peterson have  
no idea who sent the letter and the  
same.

Certainly there can be nothing  
more surprising than to open an  
envelope and have the ring you lost  
five years ago drop into your hand.

That is what happened to C. E.  
Peterson last week, and in spite of  
the letter enclosed, he is still puzzled  
about it all. The only answer is  
that "it must be religion."

Five years ago a ring was placed  
in a bureau drawer at the Peterson  
home—it was Mrs. Peterson's en-  
gagement ring. The next day it  
was found to be missing. And miss-  
ing it stayed until Friday when it  
rolled out into Mr. Peterson's palm.  
The letter enclosed stated that the  
writer was returning the ring lost  
by Mrs. Peterson a number of years  
ago. It had been mailed from Ma-  
honingtown at noon Friday.

### League Member Church Speaker

Sunday Evening Service At  
Methodist Church Conduct-  
ed By Young People

Mahoning Epworth League con-  
ducted the regular Sunday evening  
service in the Mahoning M. E.  
church.

Harold Gillespie was the speaker  
of the evening, his subject being  
"This Terrible Younger Generation."  
He told of the causes for so much  
crime and wild parties of today and  
how to remedy such conditions. The  
address was well received by the  
large crowd present.

Those taking part in the program  
were:

Robert Tackitt, who led in devo-  
tional; Marguerite Gilmore, choris-  
ter; Mildred Butts, organist; Mar-  
guerite and Robert Wilkins, special  
instrumental selections. The choir  
was composed of Epworth League  
members. The prayer group consist-  
ed of Maxine Gillespie, Howard  
Tackitt, Isabelle Shaw, Ruth Frut-  
chey, Harvey Shiffer. The closing  
prayer was made by Rev. W. H.  
Downing.

### OPPORTUNITY CIRCLE

### Observations In 7th Ward

A part of the sidewalk on Lib-  
erty street at East Cherry was torn  
up a short time ago by power com-  
pany workmen who installed a new  
lighting conduit. The pavement  
hasn't been repaired as yet. . . . A  
restaurant on the main street ad-  
vertises "sandwiches" on the win-  
dow. . . . Little George Thompson  
had a birthday Saturday, becoming  
four years of age. Hearing so many  
remarks about birthday spankings  
he roared in a corner most of the  
afternoon. . . . A chicken made the  
mistake of wandering over Liberty  
street the other. A lad placed his  
library books on the ground, made  
chase, and was the victor over the  
feathery bundle. . . . Lady inquiring  
where she could find "Waugh" av-  
enue. It developed that she meant  
Wayne street.

## You Can Lose Fat a Pound a Day on a Full Stomach this way

### Do Just These Two Simple Things—Fat Melts Away

Science has made important discoveries in fat reduction. The average fat person can now rip off fat a pound a day—four to seven pounds every week—on a full stomach, with never a hungry moment. Thus it is foolish now to stay fat.

This is what you do: Take a teaspoonful ordinary Jad Salts in a glass of water a half hour before breakfast every morning. This reduces moisture-weight instantly. Also cleanses the system of the waste matter and excess toxins that most fat people have, and banishes puffiness and bloat.

Then do this about eating. FILL YOUR STOMACH—eat your fill—of lean meats, vegetables like spinach, cauliflower, cabbage, tomatoes, etc., and lots of salads. Eat a lot. Eat all you can hold. Don't

go hungry a minute! Cut down on fats, sweets and desserts, bread. Eat any fruit for dessert. That's all you do. Fat seems to melt away. The coarse lines of overweight give way to the refined ones of slenderness. You lose as much as a pound a day. You feel better than for years. For in this treatment you achieve two important results. The Jad Salts clear your system of toxins. "The diet takes off fat with food that turns into energy instead of weight."

If you're tired of being embarrassed by fat, try this way. You'll be glad that you did. You can get Jad Salts, large or small size, at any drug store.

\*Note particularly—Jad Salts is urged purely as a poison-banishing agent—not as a reducing. The change in food does the work.

## Class Confirmed By Bishop Ward

Trinity Episcopal Church Is  
Filled To Capacity On  
This Occasion

The Rt. Rev. John C. Ward bishop of the Episcopal diocese of Erie was present last night at Trinity Episcopal church and in the presence of a congregation that filled the church, confirmed one of the larger classes of recent years in Trinity Parish.

The candidates for confirmation were presented by the Rev. Philip C. Pearson. The Rev. Samuel M. Black, pastor of St. Andrews this city and St. Luke's Ellwood City, assisted in the confirmation ceremonies.

The bishop was the preacher of the evening and delivered a very helpful address. The congregations of St. Andrews this city and St. Luke's of Ellwood City, joined in with Trinity church on this occasion.

Special music was splendidly presented by the choir of the church with Paul Browne Patterson, organist and choir director of the church at the pipe organ.

## Four Pittsburgh Aliens Will Be Deported Soon

Four Aliens Found Working As  
Carpenters On Federal  
Building Arrested

(International News Service) PITTSBURGH, Jan. 30.—Four carpenter's helpers today awaited deportation back to their native Italy following their arrest by federal immigration authorities who found them working on the new postoffice building here.

All four men, agents said, entered this country illegally. Their arrests followed complaints that alien workers were holding jobs on the federal building project which American workers needed.

## School Districts Will Get Money

State To Distribute Money This  
Week To Fourth Class  
School Districts

(International News Service) HARRISBURG, Jan. 30.—Pennsylvania's 2600 fourth class school districts this week will receive the first of the 1933 allocations from the state, aggregating \$5,522,146.

Advance payments totaling \$406,006 have been received by some of the smaller districts in 41 of the 67 counties. A total of \$42,586 will be withheld from 11 districts in Cambria, Armstrong, Chester, Delaware, Schuylkill and Susquehanna counties until they file proper reports with the department of public instruction. Distribution of the funds it was expected today, will start on Wednesday.

## Gets Shot Lodged In Head 17 Years

BEAVER FALLS, Pa., Jan. 30.—Blowing his nose, Patrick "Scotty" Corrigan, 39, World war veteran of West Eleventh street, dislodged a piece of steel shrapnel from near his right eye and performed an operation which had baffled surgeons for nearly 17 years. Corrigan, member of the Gordon's Highlanders, was wounded at Arras, France, in 1916. The shrapnel entered his head and lodged near his eye. He was in a veterans' hospital at Birmingham, England, for more than two years. He now is recovering.

The Chinese claim that glass and even lenses were known and manufactured by them as far back as 2,000 B. C.

### HOW TO AVOID COMMON ERRORS

The period for the filing of income tax returns covering the calendar year 1932 begins January 1 and ends at midnight of March 15. Within this period are filed annually millions of individual income tax returns, a large proportion of which report income subject to the tax. The latter contain a considerable percentage of errors, which if uncorrected by the audit would result to the disadvantage of the taxpayer. Many are errors of computation easily discovered on the face of the return, which usually is accompanied by a payment of a tax due. In other returns it is readily discernible that the taxpayer has failed to take advantage of the personal exemption, credits allowed for dependents, or deductions from gross income to which he is entitled.

To avoid these and other errors, the Bureau of Internal Revenue urges careful reading of the instructions on the forms for filing the returns. Additional information, if needed, may be obtained at the office of a collector of internal revenue, deputy collector, or an internal revenue agent in charge. Also, as a further aid in the preparation of a correct income tax return for the year 1932, the bureau has prepared a series of short newspaper articles, of which this is the first, advising the salaried man, wage earner, professional and business man—in fact, every class of individual taxpayer—of his requirements and privileges as interpreted under the latest regulations, rulings and decisions relating to the income tax law.

## Quick! Stop That COLD!

Don't Let It Run Beyond  
the First Stage!

A cold ordinarily goes through three stages: the Dry Stage, the first 24 hours; the Watery Secretion Stage, from 1 to 3 days; and the Mucous Secretion Stage. To let a cold run beyond the first stage is inviting danger.

Grove's Laxative Bromo Quinine taken at the first sign of a cold will usually stop it in one day. This famous tablet is effective because it does the four things necessary. It opens the bowels, kills the cold germs and fever in the system, relieves the headache and tone, the entire system. Anything less than that is toying with a cold. Get Grove's Laxative Bromo Quinine today and accept nothing else. Now two sizes—30c and 50c—at all druggists.

### STUDENT CABINET MEETS

The Student Cabinet held a short business meeting Monday, January 23 to discuss and have reports of special committees concerning School Beautiful Week, which will take place in the spring, as well as an amendment to the Constitution. This amendment deals with the election of new members from the Junior and Senior high school. The next meeting of the Cabinet will be held Monday February 6 in the music room at 8:30 o'clock.

### FACULTY CONFERENCE

A faculty conference will be held on Monday January 30 in room 8 at 4:15. Mr. McCarey, principal, will conduct the meeting whose topic for discussion is "Motives and Incentives."

### SEMESTER ENDS

Bessemer High School students began the work of the second semester on Friday, January 20. Six weeks reports were issued the following Wednesday. After the averages have been computed in attendance, banking, tardiness and scholarship, the Student Cabinet banner will be awarded to the class having the highest percentage. The Senior Class now possesses the banner and hopes to keep it for the next period.

Miss Esther Landman has been chosen to coach the Senior Class play which will be given in April. J. H. Marton, supervisor of music, is back to work after a week's absence due to illness.

## Will Drag River For Missing Boy At Pittsburgh

Boy Four Years Old Has Been  
Missing From Home Since  
Sunday Morning

(International News Service) PITTSBURGH, Jan. 30.—Police today planned to drag the Allegheny river on the north side for the body of four-year-old Lawrence Morrow, who has been missing since he toddled away from his home Sunday morning.

Nearly a score of bluecoats combed alleys, vacant buildings and north side streets last night for the boy. Lawrence's mother said he told her he was going out to play, and she expressed belief that he might have started to visit his grandmother, Mrs. Lena Bruckmiller, who lives on a houseboat. He was not there when police arrived.

## Plan Suggested For Clearing Up War Debt Tangle

Irving T. Bush, Industrialist, Suggests Removing U. S. From Debt Field

### WOULD COMBINE DEBTS OF NATIONS

Would Ask Each Nation Determine Amount Of Debt Collectable Without Pinch

By James L. Kilgallen  
International News Service Staff Correspondent

NEW YORK, Jan. 30.—A plan designated to remove the war debts from the field of international controversy and eliminate them once and for all as a source of ill-feeling between Europe and the United States is to be urged upon President-elect Roosevelt at an early date by Irving T. Bush, chairman of the board of the Bush Terminal Company and one of the foremost industrialists of America.

The first requirement of the Bush plan, he revealed in an exclusive interview today, is that the United States, in conversations with the debtor nations, determine with each nation the amount of its debt which is collectable without placing undue obstacles in the way of economic recovery. This collectable amount must be agreed upon by the United States and debtor nations.

**Combine All Debts**  
When the total international debt has been brought to a collectable amount in conversations with the nations involved, all of the international indebtedness would be combined into a single collectable sum owed to the United States. This would be accomplished by a process of "cross entries" among the debtor nations.

The Bush plan then proposes as a

means of permanently eliminating the debts as a source of friction, the creation of an international fund issue which would be sponsored and guaranteed by the debtor nations. The bonds, in popular denominations, would be offered to private investors, thus transferring the debts from government vaults into "the strong boxes of the John Smiths of the world."

The proceeds of the international bond issue would be paid to the United States in lieu of the present war debt payments and should be used by this country, Bush believes, to retire liberty bonds which were floated in order to lend money to Europe.

**Muse Be Solved**  
"One blessing coming out of the debt crisis" said Bush, "is that it is becoming so acute it must be solved. While the situation is in the declaratory stage, with the politicians of one nation railing against the other, nothing of lasting benefit happens. The fact something new is about to burst means the debt situation is going to be solved."

"As long as debts are owed by European countries to the United States the obligations will continue to be a source of friction. The debts afford the politicians of foreign countries an opportunity to every so often rail against the 'shock tactics' of Uncle Sam. The European politicians are provided with a constant issue whereby they can further their own ambitions and political power by assailing America for insisting upon debt collection."

**Situation Explained**  
France repudiated its debt on December 15 last because the money was owed to the United States government, Bush asserted. He contended that if the debt had, been owed to private investors France could not have repudiated the obligation.

"The big thing to be accomplished," Bush declared, "is to get the United States out of the debt collecting class."

Bush said it would not be necessary to sell the bonds in the United States alone. On the contrary they should be sold in European debtor countries as well. He emphasized this assertion:

"The amount of the debts must be revised to a collectable amount and underwritten by a group of nations so that bankers can offer the resultant international bonds in the world investment market as a good, sound investment and at an attractive rate of interest."

**Instruments Of Peace**  
The fact that a number of nations would have their signatures on the bonds would make them "an instrument for the preservation of peace in Europe" whereas the debts at present are a weapon of controversy, according to Bush. The larger banking houses of the world would be glad to join in offering such bonds, he pointed out.

Bush said he was glad to note that President-elect Roosevelt is dealing separately with the debtor nations and also that the scene of the forthcoming debt conversations would be in Washington. He declared that foreign emissaries would have an opportunity to observe at first hand the temper of congress and the American people with respect to debts. He pointed out that in the past American emissaries attending conferences in Europe had been under the embarrassing pressure from more or less solidly-aligned foreign opinion.

The final settlement of the debts in Bush's opinion is "the keystone to world economic recovery."

**Controls Big Terminal**

NEW YORK, Jan. 30.—Irving T. Bush, chairman of the board of the Bush Terminal, who in an interview with International News Service today, advanced a new plan for solving the international debt situation, is one of the leading industrialists of America.

The Bush terminal in New York is the greatest and most completely mechanized terminal in the world. It is capable of berthing 58 ocean-going vessels at one time. It covers nearly 30 city blocks. It has miles of warehouses, loft buildings and manufacturing and assembling plants. It has its own railroad with 40 miles of track.

One-fifth of the export trade of the United States cleared through the port of New York passes thru the Bush terminal.

## Strife-Torn China Turns To Russia

Report China Seeks Aid Of Russia To Settle Sino-Jap Controversy

### SOVIET GO-BETWEENS ARE NOW REPORTED

By JOHN GOTTIE  
International News Service Staff Correspondent

PEIPING, Jan. 30.—Virtually despairing of help from the League of Nations, strife-torn China has turned to Soviet Russia for settlement of the Sino-Japanese Manchurian conflict, International News Service learned today.

High Chinese officials disclosed that a Pan-Asiatic league, from which western powers will be excluded, may soon be set up to end the far eastern impasse.

Attempts to break off hostilities over Manchuria and Jehol province by this means will be kept as secret as possible.

Under the guise of negotiating a new Sino-Russian treaty, as well as settling outstanding Russo-Japanese problems, it was learned, Soviet authorities will act as go-betweens in the Sino-Japanese peace efforts.

According to Chinese officials, this step will create an entirely new situation in the far east, placing the Orient under a Pan-Asiatic rule over which foreign nations and western powers will have no control.

The negotiations will probably get under way in earnest when Dr. W. Yen, now Chinese representative at Geneva, assumes his post as Chinese ambassador at Moscow at the termination of the present league session.

## Mix Trial Is Ready For Jury At Erie, Penna.

Summations And Charge To Jury By Trial Judge Are Closing Features

(International News Service)

ERIE, Pa., Jan. 30.—Refreshed by a week-end of rest, a jury today awaited the charge of the court in the breach of contract suit brought against Tom Mix, motion picture cow-boy, by Col. Zach Miller.

While the principals in the court scene, that has had both spectacular and dull moments, remained at ease counsel launched into the concluding summations. The court's charge was to follow immediately and it was expected the jury would begin deliberation sometime this afternoon.

During the two weeks trial Mix took the stand and denied he contracted to appear with Miller's 101 Ranch circus. Miller claims Mix's failure to comply with terms of the alleged verbal contract caused him heavy financial losses.

## Township Plans To Force Decrease In Taxes For Year

(International News Service)

GREENSBURG, Pa., Jan. 30.—The spectre of a taxpayer's strike hung over the heads of the Hempfield township school board today following a mass meeting of citizens in the Youngwood Y. M. C. A.

Unanimously passed, an ultimatum drawn up by the disgruntled residents demanded:

That the tax levy be cut from 28 to 18 mills.  
That the board dismiss supervising Principal Raymond W. Robinson.

That tax collection costs be cut from \$5,600 to \$2,000 annually.  
And that taxpayers organizations be permitted to inspect schools.

Resignations of five directors of the board also were demanded at the meeting because they "have disregarded provisions of the school code in levying in excess of a 23 mills tax while paying over the minimum salaries to teachers and employees."

The resolutions carried with them a threat to withhold all taxes until the demands were met.

**Plants Forced Down**  
Today was the eighth day of the impasse. The plants closed last week when about 2,000 workers walked out in protest, principally against piece-work wage scales and "dead time" (non payment while idle because of material shortages).

Friday the company announced elimination of both piece work and "dead-time" and offered a new basic wage scale. The strikers, however, rejected the proposal, claiming wages for some types of work would be even lower than before.

The Murray plant, closed, its officials maintained, not because of a strike, but because of supply shortages resulting from the Briggs strike. Ford plants throughout the nation closed Friday.

## 'Monied Interests' Severely Scored At Washington, Pa.

Should Move Toward Reducing Bonded Indebtedness, Veterans Are In Need

(International News Service)

WASHINGTON, Pa., Jan. 30.—Inference that "monied interests" of the nation should move toward reducing the bonded indebtedness of the country before campaigning for slashes in veterans appropriations was contained in address at a mass meeting of veterans and taxpayers here.

Leaders of the meeting, held in opposition to the National Economy league program, today expressed satisfaction with the results of their efforts. They claimed to have aroused a latent interest in governmental economy among the hearers.

Summed up tersely, the speakers agreed that special interests want to cut down the allowance of veterans, many of whom are in need, without making any move toward granting a reduction of the government's bonded indebtedness or interest.

Congressman-elect C. I. Faddis and Judge Howard W. Hughes, were among the speakers.

## Briggs Body Strike Approaches Crisis

Strike Which Tied Up Ford Plants Is Near Show-Down

By PAUL WEBER  
International News Service Staff Correspondent

DETROIT, Jan. 30.—The "million-dollar-a-day" strike which has tied up the nation-wide activities of the Ford Motor Company, making 150,000 jobless, approached a crisis today.

About 6,000 men and women, nearly half the entire body of the strikers, milled in troubled masses around the two plants of the Briggs Manufacturing Company.

The Briggs concern, together with the Murray Body Corporation, furnish auto bodies to the Ford plants. The Briggs strike closed both body companies and cut Ford's lines of supply, forcing the shutdown which has been felt in nearly every quarter of the nation.

**Police Stand Guard**  
While hundreds of police and firemen stood ready to repel a possible attack on the plants, about 500 workers took advantage of the company's new wage scales and went back to work, amid the hoots of the strikers.

At the Highland Park plant 450 were re-hired, and about 50 at the East Side plant. But company officials were unable to say whether they were strikers or men who had been previously laid-off. None but former Briggs employees were being hired.

The strikers offered no violence to the returning workers, but police arrested four men and three women on charges of using abusive language to the "strike breakers."

It was estimated that the Highland Park factory cannot be operated even on a "skeleton" basis unless 1,000 men return to work.

**Offers Rejected**  
The Briggs Company announcing partial surrender to the strikers' demands, last week, warned that only until noon today would former Briggs workers be given preference in re-hiring. "After the deadline, hire generally," the company orders said.

The masses in front of the factory gates appeared in good humor, early in the day though most of them had begun their vigil in the bleakness of the zero dawn. Many American flags were to be seen waving above the picket ranks. Placards were not inflammatory, typical ones reading: "End 25 cent wages" and "help the strikers win."

Across the street from the east side plant strike leaders had opened a completely-equipped headquarters under the direction of Phil Raymond, former communist candidate for mayor.

Despite his known affiliations, Raymond denied any communist motives behind the strike. He was active, he maintained, as a paid organizer, engaged by the strikers because he was the only experienced man available.

## Overheated Stove Causes Garage Fire

Croton Structure Damaged By Blaze Saturday Evening—Other Fires

An overheated stove in the garage of Donato Prioletti at 1315 Croton avenue, caused damage of \$250 Saturday evening at 5:05.

The man in the garage was called out to get a machine on which some work was to be done, and on his return found the place afire. An alarm from box 33 called No. 3 and 3 truck of the central station to the scene.

At 1:35 Saturday afternoon four departments were called to the home of Clarence Preston on Shenango street by an alarm from box 16. Wall paper, pasted over a chimney hole, had started to burn. There was little loss.

At 7:55 Sunday evening firemen were called to 115 Terrace avenue by a still alarm. The chimney was burning out, and the occupants of the home became alarmed.

At 8:15 this morning Chief H. Clare Stockman and Fireman Malley were called to the old Waddington homestead on Court street, occupied by the county welfare department, where the space around the chimney was smoldering. Employees of the welfare department smelled smoke, but could not locate the fire. The blaze was extinguished with chemicals. A bad fire hazard was found by the firemen, the smoke pipe from the furnace having been placed too close to the wooden bridging supporting the grate in the floor above.

## Peerless Stars In A Down To Earth Drama Of Human Love

So Great It Was Chosen To Open Radio City, Largest Theatre In The World and Stayed 4 Weeks.

Philip Barry's Sensational Play "Animal Kingdom".

With Ann Harding, Leslie Howard, Myrna Loy and others, will open a 4 days engagement at the Regent Theatre starting Wednesday, February 1st.

To make it clear that "The Animal Kingdom" is not a sequel to Frank Buck's "Bring 'Em Back Alive," nor any sort of menagerie picture, is a sophisticated drama of modern life.

The title comes from the heroine's contention that, when it comes to love and an appreciation of its spiritual values, human beings still belong pretty much to the animal kingdom. And the events of the photoplay seem to prove her right!

When you see The Animal Kingdom, the manager of the Regent theatre guarantees you that you will see positively the best picture ever made or ever will be made, barring none. We recommend it to you highly and we urge you to see it.

## Ordish Wins Honor In Law School Election

NEW WILMINGTON, Pa., Jan. 30.—William J. Ordish, a graduate of Westminster College with the class of 1932, has been honored in the law school elections at the University of Michigan. Ordish has been made chairman of the financial committee of the frosh law class, and has been chosen as one of four finalists to argue a case in the Case Club supreme court. Both appointments have been based on scholarship. Ordish, a graduate of Sharon high school, spent one semester at Michigan during his junior year.

## Frank Wykoff Is Training Hard

(International News Service)  
NEW YORK, Jan. 30.—Frank Wykoff, "world's fastest human," was here today to begin training for six indoor track meets. Wykoff holds the world record for the 100-yard sprint. He wants to crack some more records this year and then retire. He never has run indoors.

## STOCKS

## Narrow Range In Stocks Today

## All Attention Is Centered On Steel Preferred

## Forthcoming Action On

## Steel Preferred

(International News Service)  
NEW YORK, Jan. 30.—The stock market went stagnant today, with the list moving in an extremely narrow range.

All attention was centered on U. S. Steel preferred on the intimation that the \$7 dividend would be revised tomorrow. The stock opened fractionally lower, carrying the common down also, and then firmed up early in the second hour. A further rise in steel operations for the week, the fourth since the turn of the year, had little influence.

Woolworth's annual report showed 1932 net under the \$2.40 dividend but the stock dipped only fractionally.

Rails firmed up after early irregularity, strength in Delaware & Hudson supporting the group. Tobacco stocks were under further pressure. Chrysler was heavy in the auto section, while General Motors came out in some volume at a fractional advance.

Bonds were irregular and cotton weak. Wheat was steady despite a reaction in Liverpool.

## Public Marvels At Mackey's Costumes

Brilliant-hued Indian collection first viewed at commencement.

Perhaps never has the New Castle public witnessed such a rich display of Indian costume splendor as it did when last Friday evening's commencement program paraded forth the valuable Indian possessions which Paul Mackey, Euclid avenue collector owns.

Mackey voluntarily co-operated with Senior high school authorities in developing the two-week episode of the four-scene historical pageant, entitled "William Penn and the Birth of Pennsylvania."

Of the high school faculty, Miss Frances Maxwell and Miss Helen McConaghy handled the speech arrangements, and Miss Gladys Rich supervised the music arrangements.

Miss Viola Healy and Miss Ruth Wallace, home economics teachers aided in costuming the other episodes, and William Klee directed the stage work. Miss Charlotte Taylor was class supervisor.

## Robbery Occurs On Sunday Morning—Some Loot Is Secured

ELLWOOD CITY, Jan. 30.—Local police today were conducting an intensive investigation into the robbery of the P. H. Butler store on Fourth street and Lawrence avenue here, which happened about 1 o'clock Sunday morning.

The robber or robbers obtained their entrance in an unusual manner. Because of the arrangement in the rear of the building the culprits were required to climb a billboard and first enter an adjoining building, a floral store. The robber or robbers evidently alighted in a hallway where they made their way to the Butler store. Their entrance in this manner prevented immediate detection.

A hurried survey by the manager of the store revealed that a sum of nine dollars in nickels and pennies was taken from the cash register and a quantity of cigarettes and chewing gum was missing.

The robbery was discovered by the manager of the store who summoned Patrolmen James Hayes and K. M. Musser of the local police early Sunday morning.

The subject for the evening's discussion was "The Gifts of God." Short addresses on it were given by George McKim, Miss Agnes Wilson, Miss Grace McKim, Miss Bessie Burrows and James Boyd. Another feature of the evening was the rendering of several selections by a quartet composed of George Tomp, Miss Ruth Learsch, James VanGorder and Earl Meyer. There were also a number of selections by the Young People's choir. The Young People will also be in charge of the prayer meeting on Wednesday evening.

An announcement was made that the annual Young People's play will be presented in the very near future. It has been selected and the books will arrive shortly.

## Mrs. Geo. Dunsieith Passes Away Here

## Aged Ellwood City Resident Dies Suddenly At Crescent Avenue Home

ELLWOOD CITY, Jan. 30.—The sudden death of Mrs. George Dunsieith, Sr., 79, which occurred late Saturday evening at her home, 412 Crescent avenue, this city, was a distinct shock to her many friends and acquaintances. Although Mrs. Dunsieith had not enjoyed good health for the past few months, her death was entirely unexpected.

She was born in Troy, N. Y., the daughter of Mr. and Mrs. Herman Warnken. She lived in that city until a few years after her marriage to Mr. Dunsieith when she moved with her family to Braddock, Pa. Here she resided about 12 years when she again moved, this time to Ellwood City, where she had lived for the past 20 years.

Besides her husband she was survived by a daughter, Mrs. Ralph D. Howell of Babylon, N. Y., and two sons, George Dunsieith, Jr. and Cornelius W. Dunsieith, both of this city. The funeral will be held from the home on Crescent avenue at 2 o'clock Tuesday afternoon with the Rev. W. E. Minter of the United Presbyterian church officiating. Interment will be made in the Oak Park cemetery, New Castle.

## Hold Last Rites For Mrs. H. B. Lee

ELLWOOD CITY, Jan. 30.—With quiet and simple ceremony Mrs. Nettie Lee, wife of H. D. Lee, and mother of County Detective H. Martin "Peck" Lee was laid to her final rest amidst life-long surroundings and friends Sunday afternoon in the North Sewickley Cemetery.

The home of her daughter, Mrs. Ray Newton, where death occurred and the remains were in state were beautiful with numerous floral tributes, showing the high esteem she was held in the hearts of her townspeople. For years the deceased had been one of the outstanding civic leaders and citizens of the community, being a member of the First Baptist church and several civic organizations. She was the first president of the American League auxiliary which office she held for four years.

# Railroads - Industries Aligned With Trucking Reach Full Agreement

Agree Upon Questions Pertaining To Welfare Of Railroads And Industries

Joint Commission Makes Announcement After Three Months' Study

(International News Service)  
NEW YORK, Jan. 30.—Railroads and industries aligned with motor-truck transportation have reached a full agreement on questions relating to taxation, reciprocity, coordination of highway administration and grade crossing separation, according to a statement today by a joint committee.

The agreement is the result of three months' study by the committee, made up of representatives of railroads and highway users.

Coolidge's Request.

It was undertaken at the request

of the late Calvin Coolidge, who as chairman of the national transportation committee, believed the study would aid the committee in mapping a sound program for re-establishing the credit of the railroads.

Regarded as outstanding in the committee's report were the agreements that "in principle, all those using highways for commercial purposes in interstate and intrastate commerce should be subjected to regulation; common carriers of persons and (or) property in interstate commerce on highways should be under jurisdiction of the interstate commerce commission, or other federal tribunal, and should be required to obtain certificates of public convenience and necessity."

Principle Agreed Upon.

The following principle, the committee's report stated, was agreed to by both the railroads and highway users:

"Adequate requirements should be imposed on common carriers trucks in interstate commerce to insure just and reasonable rates, with provision for publication thereof and adherence thereto, and proper inhibition against undue discrimination, (the following being subscribed to only by highway users) if and when sufficient data have been collected to indicate the desirability of such regulation in public interest."

W. W. Atterbury, president of the Pennsylvania railway, representing the rail executives, and Alfred H. Swayne, vice president of General Motors corporation, representing the highway users, prepared the statement.

A more detailed report is now in preparation, it was announced.

## ROAMING

With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

The recent statement in The News that there were two octagonally shaped houses in Lawrence county have drawn down a question or two from S. Reed McReed. Reed is of the opinion that the house between New Castle and New Bedford is not an octagonal but a decagonal house, having ten sides to it.

Now if somebody finds one with 11 or 12 sides to it they'll have to find their own definition. And if the houses in this county are ten sided, they probably go into a class by themselves. The old octagonal shaped houses were common enough one day, but are not popular today with builders and owners.

Tomorrow night is the Red Cross party in the Elks home, and you ought to be there. Just off hand, I can think of a dozen reasons why I ought to be there but the one reason goes back 14 years.

Back to an epidemic in an army camp, when 7000 men were down with the flu, and 700 of them never got better. When death and gloom seemed to permeate the very air one breathed, the one oasis in that desert of despair was the Red Cross building in the base hospital area.

All the reasons that might be added are not necessary for us. The railroad canteens, the service rendered by the organization, the work in the years following the war. Its flood and disaster service, all of these things reason enough in themselves for helping a bit tomorrow night but we'll stand on the 1918 reason.

The outfit needs a lift right now. In the past year it has done yeoman service, right here in Lawrence county, as it has in every state in the Union. The door will be used in giving more service and the only reason for not attending would be that one hasn't got the two bit note.

Don't know what the program is, or what they offer for the two bits, but if it was only to step over to the door and drop in the money and then leave, it would still be worth it.

## One Sure Way to End Coughs and Colds

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. (Adv.)
